

## FACILITY-BASED RESPITE OPTIONS

Last updated: 11/14/2022

The following is a list of care facilities that may offer short-term respite stays. This service may be appropriate for an individual whose caregiver needs to go out of town, or just needs a rest from caregiving. It may also be a way to test how an individual would do in a facility setting. **Call facilities directly to ask about availability, and to get detailed information on admission requirements.**

Rates for facility-based respite can range from \$150-\$350 per night. Availability depends on whether a provider has space available, and requests are typically considered on a case-by-case basis. Plan to call in advance to make arrangements.

**An FL-2 form may be required for review at most of the facilities listed.** This form can be obtained from your loved one's primary physician. The FL-2 is a medical form that lists the physician's recommended level of care, as well as medical diagnoses and conditions. Long term care facilities use the FL-2 as an evaluation/assessment tool in deciding whether they will be able to provide appropriate care.

Most facilities can accommodate individuals with dementia, but some may not be able to manage those who wander or who have significant behavioral needs. If you are seeking respite for a loved one with dementia, be prepared to describe their symptoms and ask whether the facility would be able to handle their needs.

**The providers listed are options, not recommendations.** Since selecting a provider is a subjective decision, we suggest you call and visit multiple providers before making a decision.

For **ratings information** about facilities, consult these resources:

- **Nursing Facilities:** [www.medicare.gov/care-compare](http://www.medicare.gov/care-compare)  
Choose "Nursing homes" in the "Provider type" drop-down menu to search for Medicare-certified nursing homes and rehabilitation facilities by location. Listings show an overall rating based on quality of resident care, staffing levels, and health inspection reports.
- **Assisted Living Facilities:** <https://info.ncdhhs.gov/dhsr/acls/star/search.asp>  
"Star rating" system gives facilities a rating of 1-4 stars, based on inspection results. A basic score is 3 stars. Facilities receive deductions for violations and increases for positive features, and can only earn 4 stars after two consecutive high ratings.

## Nursing Facilities

- BellaRose Nursing and Rehab** [www.bellarosehealth.com](http://www.bellarosehealth.com) ..... 919-985-8400  
200 BellaRose Lake Way, Garner, 27529
